IRONMONGERY RANGE

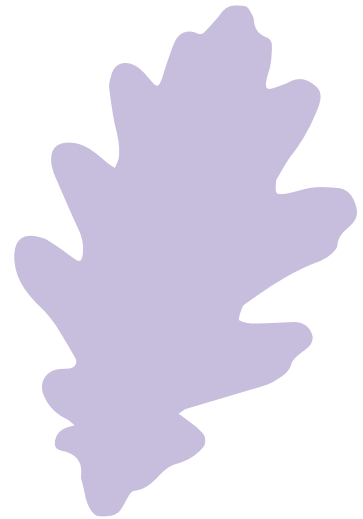

ABOUT OUR WINDOW & DOOR IRONMONGERY

We are immensely proud of our partnerships with local manufacturers who bring together an extensive selection of architectural hardware and ironmongery, perfectly complementing our timber windows and doors.

With innovative designs and exceptional quality, the manufacturers have many years of experience in producing all kinds of door and window ironmongery and accessories, the UK companies are well armed with the latest technology and the finest quality materials. The items are produced to a high standard and finished by hand with an exacting eye for detail.

To cater for all tastes and colour schemes, our hardware collection offers a wide range of options – from polished and antiques brass to black and polished chrome. The difference in finish is immediately noticeable, from door handles to stays, letter plates to casement fasteners; these exceptional quality hardware products have an incredible lustre to their highly polished surfaces.

If you are looking to add that finishing touch to your beautiful timber windows or doors, we have an option to suit all designs and colours – adding more than a practical accessory, these stunning pieces offer an exquisite, long lasting beauty in their own right to compliment our beautiful range of windows and doors.

Contents
